To request
The Moderate Party &
Public Media
Dear Sir,

Transmit to
Public prosecutor,
Nils-Erik Schultz

Public Prosecutor, Nils-Erik Schultz announce to face to public media on Dec. 19, 2008, he was to investigating why the Chinese Government **repeatedly provide capital bribery** at some Nobel appraisal meeting member to visit China since March of 2006? So this momentous news already led the world to follow with interest, **very media had a question that if China Government have bribe, why no Chinese citizen has won a Nobel Prize for the past three years?** The purpose of this letter is to address the abovementioned fact; therefore I request any Sweden government officer or media personnel who could help me to transmit the content of this letter to the Public prosecutor in charge.

Firstly, it is not adventitious, at that same time of March of 2006, as it seems that the physics Nobel prizeman Chen Ning Yang had been arranged to visit Hong Kong to participate in a conference of the academia which commission by Chinese Government. He had a ravings is that "China does not need a Nobel Medicine Prize at present!" Why is it so that he speak incoherently? It was clear the China Government's intention of bribery to some of Nobel appraisal meeting member so as to prevent a Chinese from receiving Nobel Medicine Prize year 2005! Nevertheless, which Chinese has the highest potential chance to win Nobel prize. **Please view the detail below!**

Secondly, the bribery motive of China Government requested Nobel Selection Committee jurors not to give the medicine Nobel Prize to a Hong Kong citizen, his name is Lin Zhen-Man (lzm). Why? Please link <http://www.ycec.net/lzm/080508.mht>, this open letter has passed through more than hundred countries in consulate of Hong Kong to communicate their head of state before Olympic Games at Beijing in 2008. In a word, lzm is a Hong kong citizan and a factory to invest in China since 1991year, but the former China chairman *Jiang Zemin* who was order to auction lzm's factory unlawful on 1999year, notwithstanding lzm's invent of cure **Sars, Bird flu and phthisis** to get rid of the SARS crisis of China, HK, Taiwan and Canada etc. state, but the autocrat not only to tell an any thanks and still more not to correct his wrong, then the autocrat still again to order to conceal lzm's medicine invent.

What the **lzm's accomplishment is that?** Please link www.ycec.net, the medicine invent of lzm is to be there for all to see and inalienable. lzm's accomplishment for **reality benefit from mankind society to surpass the sum of all Medicine Nobelist!**

Public prosecutor, Nils-Erik Schultz and media must know first, under an instance of the former China chairman, Mr. Jiang Zemin's son Mr. Jiang mian heng, that he used high salary of two million USD to employ Bush president's younger brother Mr. NeilBush and give him free pretty woman into the NeilBush's hotel room everyday in HK or China. This avowal was published at www.Chinanews.com.cn and HK wenweipo newspaper on Nov. 27, 2003. So the **China Government's bribery** does not simply means paid for the flight, hotel and food expenses, the bribery consequential **include a large number of greenbacks with beautiful woman!**

Above-mentioned fact to shown the autocrat of China in the process of newly wealth to challenge deserved values of mankind society, I hope the Public prosecutor, Nils-Erik Schultz will make an extra effort from medium!

Today, I take of this opportunity to recommend lzm's latest invention, after you know the actuality of "a medical treatment of Gene-Reduction or Rejuvenation" in attach a [Specification](#) or link to our website www.ycec.com/lzm/080823.pdf, you will surprised this invent still cannot be achieved at present medicine circles!

This expenditure of medical treatment of Rejuvenation between USD \$650,000-\$3,900,000, if the physique, age and whether a worthy etc. we will to an extra discount. We emphasize that our medicine invention in mankind in common, anyone cannot to deprive of your power, the specifics could be to browse our website of www.ycec.com/lzm.htm or main page and link a mobile label of "**What is the price of life?**" and link into the "Make out a register form" etc. forms, if you have not our specification, you could be printing in here.
