Commissioner of Patents
Dear Sir/Madam,

I am writing with regard to the application number 2,511,749 of CA patent office.

I have received your notice of Maintenance fees on 13 Mar. 2008, but the amount stated -that CAD \$100.- was wrong. I am a small entity and from the annual fee of 2005-2007, therefore I only has to pay once is CAD \$50. Therefore, attached is a visa form with fill in CAD \$50 to pay for the 2008 maintenance fee.

Regarding the CAD \$200 of Reinstatement that notice by office on 14 Mar.2006 and to pay by visa form on 19 May. 2006, I think that was a wrong by officer, the page 6 of 《PCT Applicant's Guide – Volume II – National Chapter – CA》 below:

CA.17 **Reinstatement** may be requested where the applicant failed to comply with a time limit before the Office. A request for reinstatement must be made within 12 months of the expiry of the time limit (see the following paragraphs) and the applicant must complete the omitted act and **pay the reinstatement fee** (indicated in Annex CA.I).

Obvious, above is the purpose of Reinstatement fee that was to be irrelevant to my application, so office must to reimburse or give me a suitable exposition.

On the other hand, from the 21 June 2005, since the above application into the national phase of Canada to date that examine act of office on the table total over three years, but those inexplicable Reinstatement or Maintenance fees was continuous without end to now, this is a great shame fore Canada Government! Please to [see](#) this application of invent have more extensively use in the website of the www.ycec.net and <http://www.ycec.net/lzm/080513-ca.pdf>, I had a letter to your Prime Minister Mr. Stephen Harper pass through the Consulate of Canada in HK on May.13, 2008 and include per country leader also.

In the past, Canada Health Department, China and Hong Kong have been using my invention for curing the SARS patient after 20 May 2003. However, President Bush bribed them by the mankind public enemy of *Jiang Zemin* of former President of China, Bush lead West Country to help China Government to conceal my invention and to lead the function of Ca patent office can not normal and to incur the ridicule of experts. Therefore, I hope Ca patent office will examine my application immediately.

Yours faithfully,

PCT/SG03/00145
