Commissioner of Patents
Dear Sir/Madam,

I received your notice of Maintenance fees on 15 Dec. 2008.

Under the PCT Article 10, CA patent office should not delay examination and notice of Maintenance fees unceasingly. Please see the attach document 1-2. Besides, I have some doubts that it must have something to do **with the Chinese government's bribery** act. Thus, I am formally requesting refund of all maintenance fees that I have paid if you are s of delay examination.

Under the PCT Article 23 (2), I request that my application be entered into the examination phase again.

On the one hand, I am still waiting for your respond for my previous letter sent to you on 21 May 2008. On the other hand, I hope to receive your reply for this letter.

Yours faithfully,

PCT/SG03/00145

Parliament r of Canada
President and members

Dear Sir;

Happy New Year, I am Heng-Jie Lin, the sales manager of Izm patent office.

You are celebrity of politics star in Canada, you should be aware of the famous quote by Mr. *Warren Buffet* –“A person could create money, but money cannot create person!”. Today, after you know the actuality of “a medical treatment of Gene-Reduction or Rejuvenation” in [Specification](#) of attachments one, or link our website www.ycec.com/lzm/080823.pdf, because the actuality of our invention cannot be achieved at present medicine circles, therefore, the famous remark of *Warren Buffett* was to pass away. **Every above 50years-old who is imperative to need this invention!** However, we only service for people with deference intellectual property and agrees that concealing medical invention is a crime act. Why? **The reason is there are no patent offices of different countries cannot be trusted!** Due to the **past 5 years**, our complains to China regime of Communism for constantly concealing our medical invention from everyone, please enter www.ycec.net/us/070618.mht and www.ycec.net/lzm/080508.mht, an example of historical story of western leaders kidnapped by Communism China occurring currently! Until today, **Obama's inauguration address** was warning China Government, **“To those who cling to power through corruption and deceit and the silencing of dissent, know that you are on the wrong side of history; but that we will extend a hand if you are willing to unclench your fist.”** **Every one must know this prank of history and declare his position like Obama if one wants to use our invention.**

Our invent is absolutely true, inventor Mr. *Lin Zhen Man*(Izm)is our director. In 2003, also his invention saved the SARS crisis of Hong Kong, China, Taiwan and Canada, this invention is a great fruitful results of mankind medicine civilization and is similarly applied to cure the Bird Flu and phthisis. However, the unreasonable China Government was succeed to abduct President Bush to canvass west nation to conceal this invention by any bribe means. Besides, China's bribery acts have extended worldly. Such as, why Tony Blair obediently and willingly resigned? Why *Bush* was to sigh with emotion and warning *Obama* that **his best friend was to betrayed him** at his last press conference on Jan.13, 2009? **This is the sorrowful of a bribee!**

At present, a Sweden prosecutor in the act of that could why Chinese Government repeatedly to put up capital bribery some Nobel appraisal meeting member visit China from 2006year? Nevertheless, why no anyone Chinese can to give a *Nobel prize* since 2006year? Attach two is our [an open letter sent to Public Prosecutor of Sweden](#) on 09 January 2009. It was unavoidable to bring about the prosecutor and mass media to mistrust what the bribery motive of China Government by? Now, I was a proclamation to unmask below:

Firstly, it is not adventitious, at that same time of March of 2006, as it seems that the physics Nobel prizeman Chen Ning Yang had been arranged to visit Hong Kong to participate in a conference of the academia which commission by Chinese Government. He had a ravings is that **“China does not need a Nobel Medicine Prize at present!”** Why is it so that his speak incoherently? It was clear the China Government's intention of bribery to some of Nobel appraisal meeting member so as to prevent a Chinese from receiving Nobel Medicine Prize year 2005! Nevertheless, which Chinese has the highest potential chance to win Nobel prize? Please view the detail below!

Secondly, it was just now contrary, the bribery motive of China Government requested Nobel Selection Committee jurors not to give the medicine Nobel Prize to a Hong Kong citizen, his name is Lin Zhen-Man (Izm). Why? Please link <http://www.ycec.net/lzm/080508.mht>, this open letter has passed through more than hundred countries in consulate of Hong Kong to communicate their head of state before Olympic Games at Beijing in 2008. In a word, Izm is a Hong Kong citizen and a factory invest in China since 1991year, but the former China chairman *Jiang Zemin* who was order to auction Izm's factory unlawful on 1999year, notwithstanding Izm's invent of cure **Sars, Bird flu and phthisis** to get rid of the SARS crisis of China, HK, Taiwan and Canada etc. state on May of 2003year, but the autocrat not only to tell an any thanks and still more not to correct his wrong, then the autocrat still again to order to conceal Izm's medicine invent.

Thirdly, whether China Government's bribery was really? This not only the Public prosecutor of Sweden, I was believe, this is most interested of politics personage of every country and media. An example from the former China chairman, Mr. *Jiang Zemin's* son Mr. *Jiang mian heng*, that he used high salary of two million USD to employ Bush president's younger brother Mr. *NeilBush* and give him free pretty woman into the *NeilBush's*

hotel room everyday in HK or China. This avowal was published at www.Chinanews.com.cn and Wenweipo Newspaper of Hong Kong on Nov. 27, 2003. So **the China Government's bribery** does not simply means paid for the flight, hotel and food expenses, the bribery consequential **includes a large number of greenbacks with beautiful woman!**

Please send a word to former President Bush, by announcing that he had support the stock market of the "**aviation safe three measures**" on Sep. 27, 2001 was lzm's filed patent application in USA patent office, Bush promised to give lzm the patent. **When will President Bush fulfill his promise as a president? Lzm hopes to receive a compromise!**

Above-mentioned fact to showed the autocrat of China in the process of newly wealth to challenge deserved values of mankind society! The right to know and right to exist of patient that was not to tolerate to proscribe, **so anyone who do not covet China's bribe, specially those officer of other country who in the past or will to visit China.**

Fourthly, what the lzm's accomplishment is that? Is it worthy of to give a Nobel prize? Please link www.ycec.net, the medicine invent of lzm is to be there for all to see and inalienable. lzm's accomplishment for reality benefit from mankind society to surpass the sum of all Medicine Nobelist! Therefore, Nobel must return a justice to lzm that only can to wash his grime!

Worst then the abovementioned facts, the Chinese government is proven to be successful in interfering lzm in its attempts to prevent any nation from recognizing lzm's intellectual patent rights. That includes why of the CA patent office should **be a plan to delete our application by robber logic**? Our application number is 2,511,749 For instance, you could to browse www.ycec.net and link the UA, EPO and AU patent office again, you could to find this invent is true in the reply for examination and why the embarrassed look of patent officer under an administrative order to attempt cancel this invent? Currently, the China Government has a lot of US currency and large quantities of beautiful women to bribe; **therefore I hope that Canada authorities that could to call upon and supervise a public prosecutor to join investigate like the Sweden.**

The China Government's illegal act still include used the national might at economy and judicature-persecute lzm, and still more to embroil today's finance-tsunami extensively..., the detail could to see the www.ycec.com/lzm/080508-hk.mht ! You can browse www.ycec.com and link the head sculpture of Bush and will be surprised that after 911, Bush un-cash his promise for lzm's invention application of "**three measures of aviation security**", the President-Bush announced at International Airport Chicago on Sep.27, 2001 for overcome national's dread psychology and then support up the violent downs of the stock market, but President-Bush with *Jiang ZeMin* of former China chairman to alliance on the contrary for conceal lzm's medicine invent in worldwide! Any one who know, the behavior of concealing medicine invention is a war of behavioral unpopularity, this common values at present society, today's finance-tsunami was to punish Bush Government, however *Bush* who was to fall out of power oncoming, we send word for **Obama Government must to thorough investigate Bush's criminal case of against mankind civilization!**

We must come back to our main subject, today, I take this opportunity to recommend lzm's latest invention for Britain authorities and mass media, after knowing the actuality of "a medical treatment of Gene-Reduction or Rejuvenation" in attach [Specification](#) or link to our website www.ycec.com/lzm/080823.pdf, you will be surprised this invention still cannot be achieved with the present medical world! **The 16 century of science prophet Newton whose unfinished aspiration was accomplished and innovated by us!**

The above mentioned clearly stated that the international police failed to arrest the criminals as the criminals use both money and beauty, but it can increase reliance for lzm's latest medical invention. Nevertheless I understand that in the United States, the most exorbitant cosmetic product would cost some five hundred thousands dollar. Thus, it is reasonable that our medical treatment of youth rejuvenation can be priced on par with the United States' most exorbitant cosmetic products. The whole package of our youth rejuvenation priced ranging from six hundreds and fifty thousands United States dollar to around three millions and nine hundreds thousands United States dollars and if the physique, age and fame etc. we will give them special discount. We emphasize that our medicine invention should be share among mankind, anyone cannot deprive you of your rights, the specifics can be viewed by browsing our website www.ycec.com/lzm.htm or by the main page and link a mobile label of "What is the price of life?" and link into the "Make out a register form" etc. forms. **You may print the [specification](#) to witness a true medical miracle of rejuvenate!**

If you have any inquire, please do not hesitate to contact us.
