DATE MAILED: 11/12/2004

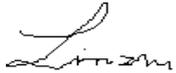

Europe is the cradle of mankind civilization; I was very grateful you actively tried to grant an application number and mail to me in Singapore on Sep.24, 2004.

But, I think you are bounded to know that although my invent can save a lot of SARS patient in China, HK, Taiwan, Canada and including Singapore (my receiving office of PCT) after May.15, 2003 and the human race from this moment on to extricate the SARS crisis, but instead of offering any thanks for my knowledge property right, they ordered their officers to lie collectively and further convinced to pay a great quantity money and beautiful women on the international society to help conceal include touching on Bush, which was to expose in the news by the son of the former China chairman Jiang Ze Min!

The former China chairman Jiang Ze Min is a wicked personage, really not had any mistake for me. Because Jiang Ze Min who purposely and unreasonably abused the country power to pass through the judge of Court of HK & China to scheming harm my factory investment in Shen Zhen City of China since the year 1999. So I do not have any investment now! For concealing my medicine invent, the vice powers hoped you compel me to be represented by a professional representative for my application, after which they can threaten and bribe the agent to tricks and fail my application, they should go down into the history as a byword of infamy, I wish you do not change the General principles of representation of Article 133 for them.

We look forward to an early reply. Thank you very much!

Yours faithfully,
