president@hku.hk

I, Lin Zhemin , HKID D188015 (3) or SGID 2665604D.

As early on 2017.8.25 day, I had a letter to your school committee **Li Kwok-cheung** Chairman may from www.ycec.com/HK/170825e.pdf or 170825.pdf Chinese or from www.ycec.com/HK/patent.htm main page more clearly no doubt, but your committee only can unknown reticent have no choice for me, so as began at www.ycec.com/HK/180103-WSU.pdf can to see, I only since 2018year let my four big inventions of everyone must use and millennium abiding in to **Li Kwok-cheung** the letter that fact first to tell all USA university, so the CA Gov. to salute for Chinese with remove the prejudice laws on April of 2018 hence too, but then China in USA those consul who to sigh why become an ambassador of donate money after, the **Jiang ZeMan** bloc the power core of CPC Gov. cannot but to handover power to fawn for **Xi Jinping...**, so the “**Xi Jinping new era**” from this... ; in the past six months, your teachers and students include all HK univ. of fearless five big claim that today's political disorder in HK that source of trouble to be related at here too! 📧

Now please read www.ycec.com/HK/191231.pdf the cut pictures to witness in my this letter to **CarrieLam** CEO that truth already can for brave rush the gate of hell all HK univ. those fearless teachers and students no longer again to get a declare guilty by untidily means with self-defense enough amulet and **God** finally has eyes! In first, please to tell all heroes for the time being less safe no anger, only must to public discussion that can be for the New Year and bring hope and for young students to offer hope for a lifetime ! 📧

Also you must to open discussion in www.ycec.com/HK/200115.pdf visible, on account your **Yuen, KwokYung** as early as this month 11day ago or after at TVB to nonsense the “**genomic sequencing of the virus**” to similarity **SARS** virus of 2003year, and The **CarrieLam** CEO also kept talking until I had faxed this letter to the chairman of the Legislative Council and members at that third theme to said with a smile: “Now today's disorder in HK already to become a refugee station base that not also the “gene sequencing” of humanity everyone is not same to come from!” after Just to shut up! 📧

But as in above the third theme I also joked: 『The health sector that 6 big killers who will really fraud direct that dubious ill case **double for “WuHan pneumonia idiopathic place”** ,and these so-called “medical experts” or “professor” its IQ is actually not equal to as orangutans, monkeys or monkey mother, and only can to teaches people to wear gauze mask and wash their hands to stupid not equal to dog's droppings 』 !

And why the “**Wuhan pneumonia**” false news after Jan.19, 2020 began to “**crazy send out**”? And still more seriously for **CarrieLam** CEO at the Chinese New Year's Day to said “**put the citizen's life for primacy**” but immediately “**freak**” to convene the "Gov. must to promote prevention emergency plan” so not stint to waste money and manpower!

On account of at here the **Jiang ZeMan** bloc through the forbid-hear network just now to notify **Xi Jinping**, only by HK's health dept. to **make fake director** already “**wear pot**”, if not again make fake the “**WuHan Pneumonia**” at nationwide “**crazy send out**” news after and **again make fake** still have other cure way we are still can to **deny** then if not to steal use LinZhenMan's “**wash lung**” treatment only can to lift the **SARS** national calamity? Also as shortly before **Jiang ZeMan** also appeared on National Day, but at any time can to by a “substitute” to **make fake** into the annals, so **Xi Jinping** you and **Hu Miantao, Wen JiaBao** include HK Gov. does not have must to bear the historical sinner **is not it** ? 📧

As this result, **Xi Jinping** to be forced on Jan.19, 2020 also the first time for **Wuhan pneumonia** declare: “China requires local governments must make prevention and control work, and to find out the virus to infect with disseminate cause ... ” reported by the **Xinhua News Agency**!

Thereafter the “**Wuhan pneumonia**” news “**crazy send out**” to in nation-wide as **SARS** in 2003year but also feint to be at a loss what to do must to fully isolate as then at Beijing suddenly built **Xiaotangshan** SARS hospital that mode at **Wuhan** to start on Jan.26, 2020, and Chinese **CDC** at once more to announcement on this

day of the start research of the virus vaccine again made the fraud vain hope again by “vaccine” that obscurantist means can to continue fool Chinese nation only have three behalf that final destination of vicious mentality at here again shown undoubtedly!

At present, the Secretary for Food and Health **Sophia CHAN** etc. bad guy too dare not do again to anyhow talk nonsense via the **WirelessTV** station the “**Wuhan** pneumonia **genomic sequencing of the virus**” to similarity **SARS**, but still Keep talking the “**Wuhan** pneumonia **virus**” at **WirelessTV** already to extensively spread in HK and have a large number doubtful patient and to publicize at 2003year **SARS** crisis early who too already to teach citizen must to “wear gauze mask with wash **hand**” and still must to shoot “**virus** vaccine” same above the Chinese **CDC** still vain hope to retain by “vaccine” for an obscurantist means that final destination of vicious mentality at here same to shown undoubtedly!

And accused to attend **Davos Forum** using business term to appointment son New Year dinner to deny by **CEO Carrie Lam**, then who go back HK after at once “**freak**” no consider I still to urge who must open for public my “**washing lung**” & “**freezing**” two treatments invention only can to save more citizen life and already worldwide know all not exist at once to convene “Gov. must to promote prevention emergency plan” to bong so-called “government expert advisory team members” except above **Sophia CHAN** etc. health department director with except the respiratory faculty **David SC HUI** of CUHK, all for your HKU’s **Yuen, KwokYung, Gabriel Leung** etc. public hygiene professor member, but equal to lean to one side to emphasize the “**Wuhan** new **pneumonia**” with **SARS** of 2003year to be similar, so the patient must early to segregate, and at once to teach public “**wear gauze mask oh with wash hand**” after again shoot “vaccine” etc. personal hygiene importance! 📺

Also even if grave as 2003year **SARS**, **Yuen, KwokYung** this a spendthrift why afraid to as who still can to TV moron fraud may by “**brine washing lung**” steal-chicken want to supersede my medicine invention of “**PFCO washing lung**”? Because as above only five so-called **positive reactions case** if to **washing lung** that not just may be leave hospital on some hour and need not again to waste money and manpower? 📺

However, based on reports can to seen on the first day of Chinese New-Year that so-called[Ⓜ] for **Wuhan** new virus have **positive reactions** only **five cases**, and **before one day the WHO** Director Mr. **Tedros Adhanom** to tiled in TV: “Do not to err, the (epidemic) to compose are urgent case in China, but it does not constitute a global health emergency. ”, so who reject as 2003year **SARS** time let HK & China to line up for list of infected areas, so again to “**freak**” useful? 😊

Just because WHO or the public is clear about following the historical testimony:

Now still can from **Vicky Encyclopedia** download or see www.ycec.net/HK/200126.pdf of **Xiaotangshan** **SARS** hospital since 2003.5.01 day began to accept **SARS** patients, also because of my “**wash lung**” medical invention act in 2003.5.15 day pm4: 30 faxed to the **Tung Chee-hwa** **CEO** office and the Chinese Gov., and also to let the English text of invention by email to **Mey-Verme, Mrs. Sonia** (WDC) transferred to **WHO-Padey** and **WHO-Liden** benefit for **Geneva meeting** anyone country leader of the Ministry of Health on 2003.5.20 day, so the Singapore first can let **WHO** to be removed from the **SARS** epidemic list in less than 10 days! 📺

In Beijing too not out 1 month to publish had 672 the **Xiaotangshan** **SARS** patients with 900 medical personnel in full on 2003.6.23 day evacuation, after the **WHO** no also on 2003.6.24 to be removed from the **SARS** epidemic list!

And at HK also on 2003.5.25 day first to notify already “**zero infect**” and **WHO** no also on 2003.6.23 to be removed HK from the **SARS** epidemic list!

As above to fake **Wuhan Plague** and again to promote the prophylaxis emergency measure that “**freak**” to harass the people and waste money have also come from too!

Now I have no choice but to immediately publish the “**Lung-Airstreams Epidemic Prevention Law**” of my fifth big medical invention, as follows:

First. If a febrile patient of head cold, who only must by **left finger** to closing his **left nostril** after violently to inhaling to arrive at the bottom of **right lung** to inform the sensorium and again to vigorously to exhaust out of the **right nostril**, and afterwards change by **right finger** to closing the **right nostril** as left finger to motion three time each that just to bring down a fever!

Second. If the inhale & exhaust that dynamics not enough as the aged or child, it is necessary to help by others to pat the left and right lungs let lung gas hole temporary can to expand that just favorable to

run out the germs, if as the female or child it only need to pat the back ;

Third. If as for children who still don't know how to inhale and exhaust only can crawl all over that child, their parents or babysitters should always to hug by hand again by other hand to pat the back again light jump to tease, if the child still can to laugh more it inevitable effectively yet!

Fourth. However those who do not have a fever, especially in the spring and summer when the rain, temperature and humidity are infrequent or in the flu season, those who enter or leave the home include students or a large number of people such as assembly, only need to inhale and exhale by both noses two times also can easily to throw away the top of the lungs for a short while enter those germs, and especially as the staff of the hospital is just need at 2-3 hours of once and into the habit, then the conventional by germs virus to infect will no edge to discard the discard the epidemic mask!

The above **epidemic prevention law** is simple and easy to understand, and it is also a physical therapy that everyone must use and it will to be constant of ten thousand years!

Every University also have a bacterial laboratory, you may be to call a people not wear gauze mask with protective clothing to come in and go out after use above simple and easy the method again to see yes or not can to epidemic prevention? And more immediately is, throughout hospital wards and queuing look for doctor those fever patient also everywhere can to see, you may be to call same students to teach above the **prevention law, again to see** if the fever symptoms yes or not may be to abate, if yes that no need again as a fool to fall in line waiting for treatment?

That is as above my letter to all members of the legislation to state, and at www.ycec.com/HK/160519e.pdf that had to Dept. of Health **CHAN Hon-ye** Director in letter has a small experiment, I am early to explain that already to for by "viral infection" to do basis but unscientific and harmful "vaccines" have nowhere to hide, but you HKU's **Yuen, KwokYung, Gabriel Leung** etc. public hygiene professor have or not the abilities to retort in writing? 📧

More to turn over mankind civilized fact at www.ycec.com/HK/Police.htm that Police home page or I had direct report a case to **Lo Wai-chung** ex-CP at www.ycec.com/HK/191004.pdf can to see must at once to arrest **Sophia CHAN, Yuen, KwokYung** etc. six big murder citizen killers to Put a case, but the **Lo Wai-chung** ex-CP at once be removed from office also from www.ycec.com/HK/191212.pdf I had a letter to **CarrieLam** CEO can see!

Subsequently I again to inform grim: Because to hide my "washing lung" & "freezing" two treatments in HK to butcher those citizen early to exceed 300,000 peoples, and massacre at China inland public still more to exceed 40,000,000 peoples too, so the **CarrieLam** CEO have a God's responsibility to hold my fax to **LOCPG** director **Wang Zhimin** two letters to print and Face-to-face to deliver to **Li Keqiang** premier with **Xi Jinping** chairman who each one and to dealt with immediately, otherwise, the history a sinner that turning point it have been so far!

Even in www.ycec.com/HK/CarrieLam-hk.htm main page, I with **LOCPG** director those letter contact, and at www.ycec.com/HK/190526.pdf or the English turn to **190526e.pdf** even can to see I was not a politicians but why to encircle and to be besieged by **Jiang** Core of CP-China that cause at here! 📧

It is be due to then I come HK and only over a year on 1975year that success in electron industry of HK incomparable so widely to call my name is "**Lin child prodigy**". And after, which on 1983year that hollow coil of full automatic unique in global so not to sell only for private use, and from www.ycec.com/HK-Police/191122.pdf then I had a letter to the new **CP TANG Ping-keung** that can to see a fact :[Ⓜ] because covetous **Jiang ZeMan** just for minister of industry of CPC Gov. on 1984year so who actually at "**June Fourth Incident**" after to worry "**Lin child prodigy**" me maybe emigrant but my unique industry property still none to rob obtain actually can let Good people's card dept. of police to fraud file a "stealing electricity" criminal record in the dark so magical wand! 📧

But most importantly, from www.ycec.net can to seen rescue SARS of HK & China's catastrophe that my "washing lung" & "freezing" two treatments invention already by "viral infection" for based but no scientific basis and have harmful "vaccine" is nowhere to hide, however, the "vaccination" just is the "national treasure" of obscurantist tool by **core of CP-China** and to kill without spilling blood to Chinese already to far exceed **World War II** still not to stopping who's blood hand that vaccination of **World War III** that is from this to come!

Therefore, this letter will also send a copy to all universities and Gov. Dept. of HK., and please must at once to introduce my the "**Lung-Airstreams Epidemic Prevention Law**" for all citizens unusual teachers, students of

anyone Univ., middle, primary with nursery school, even more to tell for internal any university, our HK with Chinese nation a catastrophe only can to lift! And this letter may later from www.ycec.com/HK/200128e.pdf or turn to .net/.sg can be easily downloaded for your reading needs.

Thank you!
